

MAKSYM SHKOLNYI

OBJECTIVE Looking for a job to develop further my programming skills. At present, I am working as Web/Software developer at Žemaitijos pienas. Currently I am based in Klaipeda (Lithuania) and ready to relocate at any time.

ABOUT I'm a passionate and results-driven web developer with expertise in frontend/backend development and a keen eye for intuitive user interfaces. With 4 years of hands-on experience, I have successfully crafted numerous web applications, websites, and interactive features that engage and captivate users.

Programming is something I was always interested since my school days and want to pursue my career in this field.

You will find me to be a positive, motivated, and hard-working person who is keen to learn and contribute. My technical skills are combined with excellent communication skills that allow me to work effectively and positively and get along well with others.

LANGUAGES

- English - Fluent, working programming
