SUMMARY

With over 5 years of experience as a web/software developer, I have a proven track record in frontend/backend development using HTML5, CSS3, JavaScript, React JS, PHP, C#, .NET, and databases like MySQL and Microsoft SQL Server. Open to relocation, I possess strong soft skills, including time management, teamwork, analytical skills, and problem-solving. My expertise lies in designing websites and developing portals, contributing to improved user engagement and system efficiency.

EXPERIENCE

Programmer

Žemaitijos pienas   📅 2022 - Present   📍 Telšiai, Lithuania

Worked as web/software developer for second-largest dairy products company in Lithuania. Completed numerous of projects which increased productivity of company.

- Developed a portal for employees where they can learn new material, take tests and sign documents. As well as created software for portal management.
- Designed and implemented a portal for users to declare and keep track counter information.
- Created fake pixel-perfect Microsoft login form within tight deadlines (for staff education purposes).
- Developed OEE tracking site with real-time data visualization which drives to improve manufacturing processes.
- Created farmers' portal which allowed to access real-time milk transportation data, including quantity, types, fat/protein percentages, and more.
- Implemented responsive designs for optimal viewing on various screen sizes, enhancing accessibility and user engagement.

Freelance Developer

Unemployed   📅 2020 - 2022   📍 Klaipėda, Lithuania

Specialized in transforming design concepts into interactive websites. Throughout my freelance activities, I honed my skills and learned all the necessary elements of web development. Proficient in HTML, CSS, and JavaScript, I crafted visually appealing, responsive interfaces that aligned with clients' brands. My focus was on delivering pixel-perfect, user-friendly solutions that stood out in the digital landscape.

- Acquired and mastered essential skills in HTML, CSS, and JavaScript through hands-on experience and continuous learning during freelance activities.
- Delivered pixel-perfect, user-friendly solutions, contributing to a positive online presence for various clients.
